

L.P.P

With regard to requisitioning a team of 10 (ten) Nicobarese from the different islands to visit Bhopal in connection with installation of the Nicobarese canoe, it is stated that NMM has offered to bear only their journey expenses by entitled class. So we may find out if they will also bear misc. expenditure towards food, transport, etc. during transit, both way and boarding and lodging at Bhopal and compensation for the loss of their days. The Tribal Council of island concerned is to be taken into confidence before the Administration take a decision on the proposal. If approved the DC, Nicobars may be advised in the above lines.
