SPEED POST

Sub: Revision of Lending Policy of NSFDC w.e.f. 01.04.99

Sir,

Further to our letter No. NSFDC/PROJ/CIR/95/U-6095 dated 21st December, 1995 enclosing therewith a copy of guidelines relating to Economic Development schemes for Scheduled Castes/Scheduled Tribes under NSFDC assisted Schemes, we are pleased to inform you that NSFDC has further liberalised its Lending Policy and highlights of revision in NSFDC Lending Policy are as under :

- i) Reduction in promoter's contribution;
- ii) Higher participation of NSFDC in the Term Loan Assistance;
- iii) Enhancement of spread for the State/U.T. level Channelising Agencies (SCAs) for meeting their administrative expenses including Advertisement & Publicity Expenditure etc.
- iv) Higher moratorium period for State level Channelising Agencies for funds utilisation and;
- v) Allocation of higher portion of funds for low value projects/schemes;

Considering further liberalisation of our policy in the overall interest of target group and channelising agencies of NSFDC, we are confident that it would enhance the level of activities and thereby the pace of economic development of poor eligible SC/ST beneficiaries would get accelerated.
