

Kindly refer to the Notes at Paras 6 to 8/N above, the information furnished at Para 6 and 7/N above appears to be incorrect in respect of Little Andaman Island.

The houses at Onge Tikrey at Little Andaman island is not meant for the Scheduled Tribes i.e. Ongese or Nicobarese. The houses for Nicobarese are being built at Harbinder Bay, Little Andaman while those for Ongese at Dugong Creek, Little Andaman.

With regard to Great Nicobar the majority of the houses are being built for ex-servicemen settlers. As such, exact number of houses for Nicobarese needs to be verified / confirmed.

Therefore, we may refer the file back to Secretary ( RR ) / Joint Secretary (RR) for revised / confirmed information for the Parliament Question.

We may get the confirmation from the Assistant Commissioner, South Andaman on file, if approved.
