

		Imparting education through Ashram school is a major step of the Administration to improve the literacy rate among the Tribal population. The department has proposed to establish a documentation centre, codification of Nicobariese grammar and bringing out a dictionary with scientific codification with the assistance of experts linguists which will help in imparting Primary education effectively in Tribal schools. To increase community participation in the developmental process of education, Administration has constituted village education committees comprising of the Captain of Village and members of Tribal councils, in Tribal areas. VECs are entrusted with the responsibility of overall development of schools and implementation of educational programmes in their respective area.
