Dear Shri Kampani,  
Please let me have a draft reply letter.

Kindly refer to the correspondence resting with the Administration's letter No.WS/3-20/SE/83/656 dated 19th March, 1984 regarding construction of the Andaman Trunk Road and realignment of the portion passing through the Jarawa reserve.

In this Ministry's letter of even number dated 19th August, 1983, we had requested the Administration to furnish a quarterly progress report regarding construction of the Andaman Trunk Road under certain specified heads. The Administration were also requested to intimate the name and designation of the officer appointed in pursuance of directions of the Prime Minister to monitor implementation of the safeguards suggested by the team of anthropologists in respect of the Jarawas. The quarterly reports are required for submission to the Prime Minister.

The information furnished by the Administration with their latest communication cited above is, however, incomplete to the extent that the details of contacts made with Jarawa and the results achieved as also the name and designation of the officer appointed to monitor the safeguards in respect of the Jarawas have not been intimated. The date of resumption of work given as 14th March, 1984 in Column I of the proforma which is stated to be for the quarter ending February, 1984 is also apparently incorrect.

Prime Minister's office has desired that they be informed of the action taken or being taken in regard to the safeguards recommended by the team of anthropologists. I am therefore, be grateful if you could kindly have the complete and correct information furnished to this Ministry at the earliest.

With regards,

Yours sincerely,

*R.V. Pillai*
