During the contacts made in April and May 84 the Jarawas were found very happy. They were given gifts like coconut, ripe banana, cooked rice and red cloth which they accepted happily. In the month of June we could not make contact any of the Jarawas due to bad weather. However, the party landed at Lakralungta and went in the Jungle alongwith the gift articles. The gifts were kept in two different places to be picked up by the Jarawas later and the party returned.
