

Proforma -BDETAILS OF SCHEME

DEPARTMENT : Directorate of Industries
SECTOR : Village and Small Industries
1. NAME OF THE SCHEME : Modernisation of Existing Training Facilities

2. OBJECTIVE:

Skill formation and upgradation is one of the most important infrastructural inputs for the growth and development of Industries in any region. This becomes more important in remote and very backward areas like Andaman and Nicobar Islands. The Department with the aid of the present 11 training centers has been striving to create additional skills to 90 persons every year.

In order to meet the training requirement of increased capacities in each training centers of this Department provision has been kept for additional staff, equipment/tools raw materials storage facilities and vehicle for transportation of raw materials, machinery's equipment's.

The machenaries and stores/raw materials required for these tcpc's are made available through the Central Store Attendant for efficient and timely supply of materials and stores. Hence provision for one Store keeper for efficient and timely supply of materials and stores. Hence provision for one Store Attendant for extension office at Car Nicobar has been made.

Special emphasis will be made for training the Primitive Tribes for upgradation of their skill in manufacture of handicrafts using advanced methods and tools.
