

IX - 2

6. Due to lack of long term planning and adhoc implementing schemes without having any arrangement, most of the programmes of the directorates/departments could not yield the impact on the tribal community. The peculiar system of the tribal communities often restrict development.
7. It appears that to bring the desired change in tribal community the basic mindset of the requires to be moulded where involvement of dedicated voluntary organisations/NGO's may be required because bringing any change in socio-cultural requires to be passed through an evolution which is difficult to perform continuously by Government department alone.
8. The schemes implemented so far by the various directorates/departments of the A&N Administration made some positive impact on the tribal community whatever little it may be.
9. There appears to be lack of coordination in implementing various schemes between the Directorate Tribal Welfare/Andaman Adim Janjati Vikas Samiti and the various sectoral directorates/departments in implementing the same.
