

9. Directorate of Social Welfare

- a. Although the directorate is doing a commendable job in providing diverse welfare and nutrition services to the tribal community, it is felt that their area of activity should be broad based. Moreover, utilisation of funds under TSP for creation of infrastructural facilities which may not directly benefit the tribals should be carefully examined before incurring such expenditure.

10. Directorate of Transport

- a. Although the Directorate of Transport has purchased a good number of buses for maintaining transport services in the tribal area, their services appears to be very much inadequate due to lack of proper maintenance of the vehicles. It is, therefore, recommended that the directorate may pay adequate attention for proper upkeep of the fleet so that the tribals may get the benefit of the same.

11. Directorate of Tribal Welfare

- a. In addition to continue its activities in providing miscellaneous inputs to the tribal beneficiaries, the directorate should act as a coordinator of all the implementing sectoral directorates/departments of the Administration who are engaged in implementing various
