**Sub:- Newly constructed Transit Tribal Hostel at Brookshabad - reg.**

Sir,

A Transit Tribal Hostel has been constructed at Brookshabad by the Directorate of Tribal Welfare under Plan Scheme and as per the decision taken by the Administration the same has been handed over to the Tribal Council, Nancowrie for operation / utilization. During the joined inspection for handing over/taking over of the building on 31-10-2011 it has been noticed that the adjoining private tenant (owner) who is constructing his double storied house on his land has started constructed of the approach ramp availing the parapet walling of the Transit Tribal Hostel as its one side base. This once completed will cause serious breach of privacy and safety of the tribals staying in the Transit Tribal Hostel. Construction of the said approach ramp has been just started and it can rectified/modified if immediate intervention is made.

You are, therefore, requested to kindly look into the matter and instruct the concerned Wing of the PBMC to take necessary action in order to ensure that the above mentioned approach ramp of the private building adjacent to the Transit Tribal Hostel is made separately and not attached to the parapet wall of the Transit Tribal Hostel.

A line in reply regarding action taken or proposed to be taken will be highly appreciated.

Yours faithfully,
