APPLICATION UNDER RTI ACT 2005

SUB: Question of Reservation for SC ST out of state employees serving in Daman.

Sir,

It is learnt that persons belonging to SC ST coming from other states, serving in UT Administration of Daman as Government Employees are denied reservation facility in admissions to schools and College, and also in service. A person belonging to SC ST when appointed on a reserved post in UT of Daman is eligible for reservation to his children, whereas they are denied caste certificate for various purposes of Admission in Schools & Colleges for their children and their further employment opportunities. The UT Administration denies to issue SC ST caste certificate to those who come from other states and reservation facility is provided to only those who have such caste certificate issued from Daman Administration. Based on this I want information for the following queries:

1. Provide copy of Present existing reservation rule for SC TS in UT of Daman.
2. If Government Servant appointed on a reserve post is eligible to get the Caste Certificate for his son or not?
3. Whether reservation for SC ST facility is not available to the children of those employees coming from other states?
4. Please provide the copy of the rule which denies the issuance of caste certificate to the children of UT Administration employee who has been appointed on reservation?
5. If the caste of the SC ST employee from other states is not present in the list of this UT Administration then what is the process to issue caste certificate for such employees and their children?
6. Whether the caste certificate of SC ST Employee from other state issued there is valid in UT of Daman or UT Administration is going to issue the fresh caste certificate for these SC ST employees? If fresh certificate is necessary then what is the process established to obtain the same?
7. What rules are followed in other Union Territories like Chandigarh, Pondicherry, and Andaman & Nicobar Union Territory Administrations?
8. Whether reservation to SC ST is being provided by these union territories or not to the children of their employees coming from other states?

The application fee of Rs. 10/- in Court Fee Stamp is pasted. I request you to do the needful and oblige.

Sincerely,
