

		<p>Flab Bay Sweet Water Project: WAPCOS has submitted a DRP with estimate cost of project about 900 Cr. After scrutiny of DPR, WAPCOS was requested for suggested modification in rock fill design to reduce cost of project. A meeting was held on 27.11.2017 at Pune with WAPCOS and project prospect was discussed in detail. WAPCOS has agreed to relook in estimate part with the view to reduce cost WAPCOS has also agreed to submit a comparative per unit cost for other alternatives to decide economy of the project.</p> <p>Sippighat Sweet Water Lake:- Sweet water lake at Sippighat was proposed after Tsunami. But the storage area is a private land therefore land acquisition has not yet been finalized. Hence considering undue delay in work, project has been abandoned at present pending allotment of land.</p>
12.	Construction of composite fish landing centre at DongiGhat, Kishorinagar under Diglipur Tehsil.	<p>At Rangat Ice Plant & Cold Storage functioning since 2006.</p> <p>At Diglipur, ANIIDCO has installed Ice Plant & Cold Storage and functioning since 2007.</p> <p>The Ice Plant building at Mayabunder is completed and machinery work is yet to be taken up.</p>
13.	All Centrally Sponsored Schemes(CSS)should be implemented timely – Progress of schemes are very slow.	<p>The Committee was apprised that to accelerate the progress of the CSS, the NITI Aayog and the Administration were developing a dashboard, wherein the department would be updating the progress on real time basis.</p>
14.	Development of Tourism Circuits	<p>The UT Administration apprised the Committee that the Administration will facilitate private players willing to enter this sector. Two coastal tourist circuits Port Blair-Havelock-Neil-Port Blair and Port Blair-Baratang-Mayabunder-Diglipur</p>
