

From pre-page

Please refer to the note at para 185/n above regarding - views /suggestion on the draft A & N islands (Tribal Councils) (Preparation of Electoral Rolls and Conduct of Elections) Rules under A & N Islands (Tribal Councils) Regulation.

The draft Rules under consideration are apparently based on the corresponding Rules framed under A & N islands (Panchayat) Regulation. As such, it would be a practical option to check the Rules under Tribal Councils Regulation comparing with similar Rules under Panchayat Regulation through a team of at least two officials.

Tribal Councils Regulation under Section 110(2) stipulates a series of other subjects for which Rules are to be framed to carry out the provisions of the Regulation. For this, concerted /dedicated efforts may have to be made by the officers who have had experience in the administration of Nicobar district.

However, at this juncture, it may be desirable, first to finalize the Rules which are being dealt in this file currently and thereafter the drafting of the Rules on other subjects could be taken up.
