

- One ITI at Arong costing around Rs 3.00 crores is being built whereas a Vocational Training Centre at Big Lapathy is imparting training in 03 trades with 20 seats in each trade. But even these 60 candidates are hard to find. So why such huge building for full fledged ITI is being built at Arong.

ITI BUILDING AT ARONG UNDER CONSTRUCTION

VOCATIONAL TRAINING CENTRE AT BIG LAPATHY

I would like to bring to your attention that the people residing in these places are deprived of daily water supply and does not have the facilities of drinking water also. The Health sector needs serious attention. In view of the above construction of these buildings is a **CRIMINAL WASTAGE OF MONEY**,
