P.3

The following are the suggestions for facilitating timely implementation of the Andaman and Nicobar Islands (Tribal Councils) Regulation, 2009.

1. A Cell is to be set up in the District Office, Car Nicobar for dealing with this time-bound and specific work. In view of the shortage of staff for the purpose here, it is proposed to obtain the services of one HGC and one LGC from the Directorate of Tribal Welfare, till such time permanent arrangement could be made locally.
2. The services of Survey Team for physical measurement of constituencies/reparation of layouts shall be requisitioned from the District Administration, South Andaman.

I am directed to request you to apprise the Administration of the progress made by the District Administration, Nicobars, in the subject matter so far and to initiate suitable action on the points mentioned hereinabove.

Yours faithfully

Project Officer, TDP/
Assistant Commissioner (HQ)
Car Nicobar

Copy to the Assistant Secretary (Revenue), A&N Administration for information.
