CAR NICOBAR - 744 301

(ANDAMAN & NICOBAR ISLANDS)

Ref. No _____

Date _____

Earlier artists from Mainland come to Nicobars District to present their Cultural Programme in various Villages and the local artists get an opportunity to interact with them. This has fostered an artistic relationships among the artists of Mainland and the local artist of the District.

Island Tourism Festival is a regular feature Programme of the A & N Administration to promote tourism and Cultural activities. During this festival popular artists are invited to Port Blair to present their programme to attract tourists all over India. People of the Nicobar District are deprived of their opportunity of Meeting popular artists and also watching their popular programmes. Therefore, part of their programmes can be organized at Car Nicobar. Our boys and girls are second to none in music if properly trained in music, they can become good artists in future.

Our indigenous Games & Sports should be revived and safeguarded. If provided with sufficient financial support, they can be of interest to the visitors of these Islands.

Sir, we look forward to positive response and further action at your end. The fulfillment of these issues would bring happiness and solace to the people of these Island.

Thanking you,

Yours faithfully,

(ABERDEEN BLAIR)
