Sub: Request for considering special convoy on urgency

Sir,

This has brought to my knowledge by the residents of NM Andaman that many times the passengers travelling State and private buses from Diglipur, Billiground, Rangat and Mayabunder for Port Blair are stranded at Baratang due to sudden break down of the buses they travel. Such break down needs much time to get the faults repaired and many times the passengers miss the last convoy and become helpless to find a suitable place for night stay. The elderly person, sick person, females and children become restless with such unpredicted events. Acute problem arises to those passengers who have to proceed to mainland by Air.

Under this circumstances, if you kindly enforce your special powers to allow one extra convoy for such faulty buses on the day of occurrence, that will be very much beneficial to the general public and I submit my sincere request on the issue.

With regards,

Yours faithfully,

*Kuldeep Rai Sharma*
