Assistant Commissioner (TW)

31/08/12

Director (TW)

District Magistrate, North & Middle Andaman District addressed to Chief Secretary requested for permission to allow him to use ATR between Middle Strait and Jirkatang during off convoy timing in exigent cases. He has mentioned that sometime he has to move Port Blair to attend his meetings and such meetings are being called for in short notice as such he has requested to allow him to use ATR in off convoy timing.

The convoy timing is maintained very strictly without any deviation or any consideration to anyone including the officials posted in N & M Andaman. The only exception given to Ambulance carrying serious referral patients to G.B.Pant Hospital from N & M Andaman Districts. District Magistrate requested for similar dispensation but once a dispensation is granted other official posted at N & M Andaman District will request for same. In case his presence is required at a very short period notice, he may be allowed to use the ATR by taking special permission from the Chief Secretary, A&N Administration. Further, this being the policy decision, the approval of the Hon'ble Lt. Governor is required on this issue.

Director (TW).

Secretary (TW). (7) Convoy System should be strictly followed by everybody without any exception. The request of DC (N & M Andaman) may not be acceded to. For orders pl
