Sub: Setting up of 02 Nos. explosive magazine at
Alipm village - reg.

Sir,

May kindly refer to your Memorandum
no. 11-32/AAJVS/2013/1192 dated 21-03-2014
on the subjected cited above.

I am to inform you that since
last many years Jarawas did not enter
Alipm village as our record of Jarawa
movement reveals this. The said area
is out of the regular vicinity of the Jarawas.

As on this date Jarawas' movement
observed to be around Kevangnis,
Sonpachad area and the area between
Manpur and Tiru. Sometimes they demand
to go Beachdera area for cutting of wood for
making Uho (honey container).

Looking to the present movement
the Jarawas movement we can say is not
around Alipm village.

Submitted pls.
