

- i) That there is no need for a change in Jarawa Policy. However it was recommended to reduce the number of convoys on the ATR and develop alternate sea route for Baratang and North Middle Andaman.
- ii) Restructure Andaman Adim Janjati Vikas Samiti (AAJVS) for effective implementation of Jarawa Policy, proper and adequate medical help/intervention to Jarawas, proper awareness programme for settlers and communities using ATR.
- iii) Listen and facilitate Jarawas, rather than "provide and deny", due to the changes being experienced by this community. Policy / actions to be research based. Some suggested area for time bound research include Socio Impact Assessment, Study on Movement Pattern and Calenderics Identifying Jarawa 'Hotspots' and Study on Nutritional and health aspects.
