Sub: - Increase in the number of vehicle convoy in ATR Route reg:-

Dear Sir,

I like to draw your kind attention towards the hardships being faced by the people traveling on ATR Routes. Sir, At present the passenger who travel by bus from Port Blair to Diglipur spend approximately 13 hours and this traveling time can be considerably reduced if the number of vehicle convoys in the ATR Routes are increased. There is a long queue of vehicles in the morning and evening especially due to the increase in the passenger traffic and the Tourist boom.

There fore I request your good self to be kind enough to increase the number of Vehicle Convoys in the morning and in the after noon considering the welfare of the General public of the North and Middle Andaman.

Yours faithfully,

(Signature)
