

11. C.S. may also ask for the views of the AAJVS / District authorities in this regard. Perhaps the DC. could call a meeting before it is finalised.

I agree. Since it involves more than one district, I would like to see (TW) call a meeting of all concerned -

DC (SA), District Engineer, District (TW),

SP (District) and sort it out.

I would also like the regularly collected this financial fee examined.

Please take note of the issues and convene a meeting of all concerned.
