1. Bengali settlers are present in Neil, Havelock and Kadamtala. They are relatives and mutually depend on each other like, they are obtaining green vegetable from Neil and Havelock and providing Rice/dhan to their relatives in Neil and Havelock from Kadamtala. To make this relation easy and more frequent they need one speed boat from Kadamtala to Neil via Hvelock.
2. Why double money is being charged if a person obtains ticket from jetty and not from ticket counter.
