## APPENDIX

Form for seeking prior approval under section 2 of the proposals

By the State Government and other authorities

Part- I

(To be filled up by User Agency)

Sl	Description	Remarks
1.	(i) Short narrative of the proposal and project/scheme for which the forest land is required	Installation of Coastal Surveillance Station in the land owned by Department of Lighthouse and Lightships at East Island, North Andaman within the premises of East island Lighthouse (No separate forest land is required for the project).
	(ii) Map showing the required forest land, boundary of adjoining forest on a 1:50,000 scale map	Index Map attached.
	(iii) Cost of the Project	Approximately 11 Crores.
	(iv) Justification for locating the project in forest area.	Post 26/11 Cabinet Committee on Coastal Security Govt of India directed Ministry of Defence to establish Coastal Surveillance Network throughout the Coastal Zone of India to ensure National Security. The East Island Lighthouse, East Island is strategically located, maintaining vigil over Coco channel which witnesses heavy shipping traffic being one of the important sea line of the communication (SLOC) connecting East Coast of India with Malacca Striate and South East Asian country. The strategic location East Island light House, East Island, makes it ideal location for installation of operation of Radar for optimum utilization of the system.
	(v) Cost- benefits analysis	NA
	(vi) Employment likely to be generated	NA
2.	Purpose-wise break-up of the total land required	Area required for Radar Lattice-0.0035 ha/ 35 Sq. mts.
