

- 02 Data Entry Operators.
- 01 Official for maintenance of accounts.
- 01 Official for official correspondences and management.
- 01 Multi Tasking Staff .

Since the process of hiring of contractual staffs will take some time on account of transfer of fund from Adhoc CAMPA to State CAMPA and conducting of formalities in finalization of contract agreement, the existing 02 Data Entry Operators working with the Adhoc CAMPA may be allowed to continue with State CAMPA for a period of six months from the start of its functioning.

For the purposes indicated in the above table the Executive Committee approves the proposal.

After that the measurable output of all permissible activities included as above in APO 2019-20 were placed before the Executive Committee for perusal.

The next issue discussed was, the appointment of officers under State Authority. It was proposed to appoint following:

- Joint Chief Executive Officer of the rank not below the rank of a Conservator of Forests.
- Financial Advisor and Chief Accounts Officer of the rank not below the rank of a Deputy Secretary in the State Government.
- Deputy Chief Executive Officer of the rank not below the rank of a Deputy Conservator of Forests.
- Assistant Conservator of Forest to assist the State CAMPA Authority.

Though as per the Rule 10 these officers are to be appointed on deputation basis and to be paid salary and allowances from interest accrued on deposits in State Funds, in view of small amount of interest money available with this State Fund and with the meagre chances of augmenting the fund from future diversions of forest land, it was proposed to give additional charge of respective posts to the serving officers equivalent in ranks mentioned above.

The Executive Committee approves such proposal of giving additional charges in State Authority CAMPA to the Officers as above without any extra remuneration.
