-2-

The paper on the status of the action plan report of primitive tribal groups that was circulated during the meeting is enclosed.

Apparently, the committee has to give its recommendations within the next fortnight and it is likely that on short notice you would be called upon to come to Delhi. In the meanwhile I request that the information that has been desired is sent by fax.

A copy of the deliberations of the seminar conducted in Port Blair in December, 1995 on the primitive tribes that was organised by the Andaman & Nicobar Administration may also be sent to the Ministry of Welfare with one copy to the Chairman of the said group as he evinced considerable interest in the seminar. He also wanted us to indicate whether the Administration had taken any policy decisions thereafter based on the discussions and deliberations in the seminar.

I hope you will be able to send this information as expeditiously as possible.

With best regards,

Yours sincerely,

B. Prasad
(Mrs. B. Prasad)

Shri Rajinder Singh,
Secretary (TW)
Andaman & Nicobar Administration
Port Blair.

encl : as above.
