Sub: Plan Review Meeting of PWD & Non-PWD Sectors - reg.

Sir,

It has been observed that during this financial year that there is lack of planning and monitoring of execution of Plan and Non-Plan works of this department. Even after completion of 3rd Quarter, we were not in a position to spent 60% of the overall allocation.

In some cases, there was complaint from the contractor for non-settlement of their final bills even after completion of the work long back.

However, it needs monitoring at every level, Some of the Heads of Departments of other departments also put forth that some of the works were not completed even after 2-3 years of commencement.

In view of the above, it has been decided to have a detailed discussion on the above subject in the Chief Engineer's office during the second week of April, 2011. The meeting will be held on 13th to 15th April and may extent upto 16th of April, 2011.

It is requested that a progress report of works which were in progress and which were sanctioned but not started may be prepared and sent to this office by 8th April, 2011.

A list of pending bills which were completed, minimum two months before and not settled may also be prepared with the detailed reasons for non-settlement and issues pending with either division / circle / Chief Office.

The works which are not being taken up due to land dispute may also be specifically mentioned.

All the Deposit Works such as SSA, Police Modernization, Agriculture, NRHM, etc will also be discussed.

You are requested to attend the meeting on the above date at 9.00AM in the Conference Hall of CE's Office.

The schedule of discussion with other departments is enclosed herewith.

This issues with the approval of Chief Engineer and Commr.-cum-Secy (PWD)

Yours faithfully,

Encl: A/A

(Jose P. John)
