

*Yes, Payment of salary being met out from Non Plan*

14. Please let us know the total financial contribution of each of the following line departments towards TSP during the five Plan periods from 1975 to 2001: agriculture, horticulture, animal husbandry, forest, rural industries, cooperation, minor irrigation, education, health, drinking water, health and sanitation, rural roads, rural electrification.

*Financial Allocation and achievement made during IXth Plan is annexed.*

15. Have the schemes funded from these departments been vetted by the State Tribal Department and modified in the light of the observations of the latter? Or, in the alternative have the line departments *carried* on implementation of their schemes without such consultation?

*Yes*

16. Describe the criteria adopted for allocation of state TSP funds to the different ITDPs/ IIDAs in the state.

*Not applicable*

17. What have been physical achievements accruing from the outlays from the concerned departments? Please quantify in a statement, or statements covering the five plan periods 1975 - 2001.

*9<sup>th</sup> Plan physical Target and achievement is enclosed*

18. Have evaluation studies been conducted of the nature and impact of the schemes and programmes of the various departments concerned with the TSP? If so, please highlight their salient findings and conclusions. In the matter of impact, some benefits may be quantifiable and may not be quantifiable. Please mention both with facts and figures.

*No Evaluation studies are conducted by the Tribal welfare department and informs to this department time to time for adequate measures*

19. Please explain whether in the case of production sectors expected to yield higher production and productivity, the impact of the outlays has led to ST families crossing the poverty line? If so, state the number of such families department-wise.

*Not applicable*

20. The State Government would be aware that the Special Central Assistance (SCA) is disbursed by the Central Government on the basis of a 3-factor formula:

- (a) 50% on the basis of scheduled tribe population in the Tribal sub-plan area
- (b) 30% on the basis of geographical area of the Tribal sub-Plan and
- (c) 20% in inverse proportion to per capita Net State Domestic Product (NSDP) of the states.

Similarly, While allocating SCA to MADA Programme, Clusters and Dispersed Tribals (DTG) 70% of the total allocation is distributed according to Scheduled Tribes population in MADA area, Cluster and DTG and 30% in inverse proportion to per capita NSDP of the State/UT with weight age to tribal population within the pockets, clusters and DTG.

Thirdly, the SCA to Primitive Tribal Groups is distributed on the basis:

- (i) 40% of the amount on numerical size of the Primitive Tribal Communities.
- (ii) 30% according to population depending on different occupations, namely:

Food gathering or hunting

Shifting Cultivation,

Sedentary cultivation and

Other occupation with weight age recorded in the ratio of 5:3:3:1 respectively.

- (iii) 15% according to number of Primitive Tribal Communities in the States/UTs.
