

(Action: Dir(Health, ES(AAJS))

(7) Commission suggested that Health Education for the Jarawas could be organized by identifying and appointing motivators from amongst them instead of introducing any outsiders as far as possible.

(Action: Secy(TW), ES(AAJS))

(8) The Jarawa needs to be given more protection from the evil influences of modern society as they are now stand exposed to outside culture. Chief Secretary, stated that necessary amendments in the existing A&N Islands (Protection of Aboriginal Tribes) Regulation 1956 were being worked for effective implementation of the said Regulation. CS further stated that Forestry operation in the Jarawa area has been completely stopped.

(Action: ES(AAJS))

(9) Commission observed that the Onges were found more dependent on Government doles & suitable economic activity should be identified and introduced for them so that they become self-supporting.

Onges:-

(Action : Secy(TW), ES(AAJS))

(10) Commission suggested that the Great Andamanese couples employed in Government Department should be posted preferably at their i.e. Strait Island as they are in the transition period, and are vulnerable to unlimited outside influence.

Great Andamanese:

Sentinelese:

(11) Commission suggested to revise the friendly contact mission and desired to organise the same once in a month so as to ensure that the society is not kept isolated for an indefinite period. Administration may take a policy decision in the matter.

(Action: Secy(TW), ES(AAJS))

As that work could be kept on their protection and welfare.

Shompens :-

(12) It was suggested that the existing Ashram School at Shompen Hut Complex (27 km east-west road) in Great Nicobar be renamed as - Non-formal School. Secretary (Edn) stated that the Education Department is already in touch with local units of two voluntary organizations namely Ramakrishna Mission and Vivekananda Kendra about imparting of education to Shompen.
