

TRIBAL UNREST

1. Are there any areas in your state which are often affected by tribal unrest? Please identify, those areas block-wise and ITDP-wise. Furnish relevant data connected therewith.	No.
2. What, in the opinion of the State Government, are the causes of tribal unrest? The reasons generally mentioned are economic backwardness, tribal-forest interface {Forest (Conservation) Act} aggression against tribal faith, cultural invasion, administrative high-handedness etc. Do you agree with these causes or are there any more which are responsible? Furnish a detailed note.	Does not arise.
3. What are broad features of tribal unrest? Has it been non-violent? Or did the reaction to tribal grievances ensue in a phase of non-violence followed by violent reaction? If it resulted in violence, what shape did the violence take?	Does not arise.
4. Do the State Govt. suspect or are in the know of internal or external agencies that are responsible for creating unrest? Please give a brief description of these agencies.	Does not arise.
5. What has been the approach of the State Govt. to contain tribal unrest? Has a purely law and order view been taken? Or other elements are presumed to be inter-twined? Please detail the approach adopted and the measures taken.	Does not arise.
6. Please state legal and other measures, if any, taken by your state to protect and preserve the faith, traditions and culture of tribals.	Not applicable.
7. What steps should be taken to speed up inter-action' among tribals and non-tribals for better understanding and harmony?	Not applicable.
