

(All Secretaries/Chief Engineer, APWD)

The Electricity, Education, Police, Agriculture, Health departments are to identify the land for constructions of Pre-fab structures units in consultation with the Deputy Commissioner (Nicobar). The Chief Engineer requested that land should be identified at the earliest to start the construction of structures as soon as the material is supplied by the firms.

(All Secretaries)

The Chief Secretary pointed out that the ticketing system in the Shipping Department requires urgent attention. There are large-scale complaints of black marketing in ship tickets. It was decided that the tickets will contain name, photo, age, gender etc. It should be given wide publicity and be started w.e.f from 16/8/2005. Checking should be carried out at the point of embarkation & disembarkation. Besides problem faced by passenger, seeking issue of tickets for this quota streamlined.

Commissioner (Shipping)

10) The Chief Engineer (ALHW) was again requested to streamline the repairs and construction of jetties.

(Chief Engineer, ALHW)

11) It was discussed that schools buildings at Swadeshnagar, Webi & Mohanpur-V have not been constructed so far causing inconvenience to the students. This should be taken up on priority.

(Secretary, Education/CE, APWD)

12) As decided earlier, people availing relief ration should be given one-month supply at one go.

(Relief Commissioner/SRO's)

13) Accommodation be got arranged at GREF camp for students to be shifted.

(Secy (Education)/DC (Andaman)

14) One time supply of gas cylinders was made to the affected population. Any replenishment has to be given to individuals against payment. Distribution of gas cylinder by CCS has to be looked into. Possibility of distribution through ANNIDCO may be explored.

(Secretary, Civil Supplies)

MD ANNIDCO)
