(67) Proposal contained in the file is regarding release of grants of Rs 230.00 lakhs to Tribal Councils.

(68) Proposal was earlier examined by Finance and it was suggested to obtain prior approval of the Government of India. It is observed from the file that the Administration has released Rs 31.22 lakhs to Tribal Council during 2004-2005 with the condition to (1) to obtain the ex-post facto sanction of the Government of India and (ii) rules governing the pattern of assistance may be finalized and got approved by the Competent authority. The department has stated that neither the rules governing the pattern of assistance nor ex-post facto approval for an amount of Rs 31.22 lakhs released previously has been received from the Government of India. Under these circumstances, it is not appropriate to release further amount to Tribal Councils unless the approved rules is received from the Government of India. Finance still feels that the prior approval of Government of India for release of grants of Rs 2.30 Cr to Tribal Councils may be obtained.
