

158

	Necessary funds, vehicles, equipment, human power, police help and legal power to be made available for implementing the Plan.	
21	ATR to be closed for all traffic from Mile Tilak to Middle Strait and Kadamtala (Porlobjig-3) to Kaushalya Nagar (Porlobjig- 15) within 3 months. No person to enter the tribal reserve unless permitted by PCCF and Secretary (Tribal welfare). Permission to be given only for bonafide work related to welfare of tribals or protection of the area. Grant of timber and NTFP free of royalty to the settlers to be discontinued. Rural populations to be formed into Village Forest Protection Committees as per Joint Forest Protection norms and timber/NTFP to be given on the basis of MoU in return for their role in protecting the forests.	This is a major policy decision to be implemented in 3 months' time. This may not have much impact as many of the settlers must have already constructed their houses by this time. This will help in implementing Joint Forest Protection.
22	Extraction of sand to be phased out and no extension beyond 30.9.02.	We need alternatives such as sand or prefabricated RCC blocks from mainland. This conforms to the ecotourism guidelines for Protected Areas.
23	No concrete or permanent infrastructure for tourism to be built on any forest area. Only tented accommodation or temporary wooden/ prefabricated structures to be used. FD to control and ensure the quantum and type of tourism.	
24	Felling of 27 trees for the 33 KV transmission line from Bambooflat to Minnie bay and 17 trees for rural road from Adajig to Flat Bay should be permitted as one-time relaxation.	No comments.
25	All other proposals or clearances under F(C)Act or E(P)Act should be put up for review by the	

Supreme Court.
