

*Paragraphs in Japanese area:* There is a mention of a case of theft of honey available in the letter. The case involved a person who had been taken into the Reserve Forest and poaching is mentioned. The case is mentioned in the Act, 1927. It is not known whether the complainant has filed any case with the nearest Range Office or Police Station. It would be useful, if the violators are immediately brought to the notice of the law enforcing agencies in the
