

123

time to absorb them into the modern society by providing them all facilities within their habitat so that they may not feel that they are outsiders as already Andamanies and Onges are getting the same within their habitat.

III) For that the respondent Administration having statutory obligation of upliftment of aboriginal tribes, they are under legal obligation to render immediate assistance / medical help to JARAWAS for their survival but for unknown reasons for last 7 to 8 months though the JARAWAS are constantly on the Andaman Trunk Road, the respondent Administration has not yet taken any effective step for them.

IV) For that there is no reason to make them museum specie after all they are human beings having same feelings as we have. More so they are compelled to come out their habitat due to constant disturbance created by the encroachers and settlers. As a result thereof they are in short of food and water for them in the jungle. This is the high time to make them acquainted with the modern civilization.
