

PROPOSAL.

The Nehru Yuva Kendra Sangathan is one of the autonomous - organisations under the Ministry of Human Resources Development of Youth Affairs and Sports, Govt. of India. It is one of the largest grass root level organisation in the country. The Sangathan consist of its units of district level, functioning under the control of Youth Coordinator who encourage and coordinate the activities of Youth clubs at village level. The main activities are organising programme like YCDP, Work Camp, Rural Sports, Cultural programme, Youth awareness Camp, and other agencies. Three Nehru Yuva Kendra Sangathan functioning in the tribal area like Car Nicobar, Nancowry and Campbell Bay for the Socio-economic - development of the tribal.

In Port Blair there is another area where Nehru Yuva Kendra can do some thing for the benefit of the Society precuously, the Jarawa had no direct contact with nighbouring population. Now due to frequent contact both the Jarawa and the villagers are facing some problems. Many such problems are rooted in ignorance about each other.

Nehru Yuva kendra can organise awareness camps in villages close to the Jarawa Territory and educated the villages particularly the youth about the Jarawa and their ways of life such education would be imported with the help of resources persons from Anthro-pological Survey of Inida, Department of Triabl welfare, Police department, Department of forest etc.

The benefit of such camp would be mainfold the village Youth after attending the camps would be in ~~apex~~ a position to takle the Jarawa visits to villages in well informed manner, They would have clear idea about what should be done by the villagers and what they should not do . It is expected that such Youth would take up the leadership and see that No unto-ward incident takes place. It is also expected that these youth would play the role of educators for the village/Society.

Fomation of such a core group of Youth activities would make the job of the administration easier. In this connection, I have - prepare project proposal for organising a Work shop on Jarawa. The some may be approved and financed so that we can begin work early.
