

In the wake of the Jarawas coming out onto the Andaman Trunk Road and other settlement villages, it has become necessary for the Administration to prevent the interaction of the Jarawas with the non-tribal people. For this mobility is necessary.

In this context the Administration / AAJVS is planning to have vehicles i.e. mini trucks and communication equipments. An estimated expenditure in the procurement of such vehicles etc. would be around 30.00 lakhs.

A draft project in the above lines for the procurement of the vehicles etc. is placed opposite for perusal and approval.

Before we seek the financial assistance from the Govt. of India, Ministry of Social Justice and Empowerment, Secretary (TW) may like to have a meeting with the Director of Health Services, SP(D), Officers of ASI, AAJVS to discuss about the health aspects and the proposal for seeking assistance to get the Hospital ship. As such Secretary (TW) may like to intimate convenient date and time for such meeting.

Submitted for consideration of paras 91/n, 94/n and 95/n.
