Para No.

The matter regarding the consultations of experts like Anthropologists to tackle the current Jarawa problem was discussed with Lt. Governor today in Raj Niwas. In this context Lt. Governor wanted to know whether Director, Anthropological Survey of India, Culcutta could come to discuss the matter. I rang up Director Anthropological Survey of India, Calcutta who readily agreed that he is prepared to come to Port Blair tomorrow i.e. 06.04.99 on official tour.

However, he further requested the Admn. to send him a Fax Message / Letter to the effect that Administration wanted him for discussion at Port Blair so that he could come on official tour to Andamans. It was made it clear to me that he will bear usual TA/DA from his own department and Administration will not be paying anything towards TA/DA. He requested that an accommodation for him could be arranged by the Administration on usual terms. The matter was again discussed with the Lt. Governor. He has desired that a Letter/Fax Message could go to Director, Anthropological Survey of India Calcutta under the signature of Secretary.

Accordingly, it is submitted for approval.

Draft Letter/Fax Message is placed opposite for approval.
