Commendable work has been done in exercising restraint despite extreme provocations by Jarawas in Phooltala, Baratang and Kadamtala (.). Your success in pushing them back to Lakra Lungta deserves congratulations (.). To ensure that they are confined to the islands of Lakra Lungta, Bluff and Spike Islands (.). Hire a Ferry service on a daily basis with AAJVS to provide them water, coconuts and bananas (.). Keep them confined as much as possible except for the sick (.). If those from Tirur wish to go back to Bada Balu or anywhere they can be put into the police truck and taken back under escort (.). If some of them wish to go towards Louis Bay they must take the jungle trail (.). Our success depends on their confinement (.).
