2009 - TW/986 dated 13/9/12

Sub: Meeting of field level committee
on buffer zone.

Sir,

It is to inform your goodself that a meeting of citizen committee / fishermen watch group was held at PS Kptala on 9/9/12 in which the following points were raised by the members :-

- ① There should be relocation of area in sea as well as fresh area defined in B/Zone. It should be 150 to 200 mtrs instead of 5 kms.
- ② There should be no implication of B/Zone and Torawa reserve at Kptala since its locality is a settlement area, not the land encroached upon.
- ③ Withdrawal of B/Zone.
- ④ Residence in B/Zone notification.
- ⑤ Survey of B/Zone.
- ⑥ Alternate Sea Route.

Submitted for your personal use.
