

20. That in the context of revised Buffer Zone

Notification, a series of "Hot spots" or "contact points" have been identified as suggested by Dr

Vishvajit Pandya, well known Anthropologist who

is one of the members of Group of Experts

constituted by A&N Administration in connection

with review of Jarawa Policy. These "Hot spots"

now will be used to monitor the pattern of

movement of Jarawas, engagement, intervention

between officials of AAJVS, Police, Forest, Health

and the Jarawas so that effective protection and

preservation and eventually empowerment could

take place in course of time.

21. That it is submitted that the orders passed by this

Hon'ble Court on 21.01.2013 is being

implemented and standing instructions to various

authorities to stop movement of tourists on the

ATR passing through Jarawa reserve area and to

regulate the movements from Police Check Post

established at Jirkatang No-2 to Middle Strait. No
