It is observed that tourist and other persons visiting National Memorial Cellular Jail are engaged in photography of PTGs from the terrace of Jail complex.

198

The terrace of Jail complex is an open place from where the special ward is clearly visible to the tourist and hence they use video / still camera for the photography of PTGs.

199

Special ward has been declared as reserved territory but there is no provision of law to prevent photography from outside special ward.

200

Therefore it is proposed that we may request SP [District] and Director of Education / YAS to do the needful.

201

Submitted please.

202

why so delay?
when incident happened. ES
