Sub:- Visit of Scientific Expert Committee from 27.10.06 to 6.11.06 – Reg.

Sir,

The Scientific Expert Committee has desired to have the following information.

1. Population trend of Jarawas since 1920s at an interval of 10 years indicating major events like Japanese Occupation, Independence, Constitution of Jarawa Reserve, Construction of ATR, Tsunami etc.
2. No. of Jarawas visited the Health Centre for treatment during the last 20 years alongwith details of their sex (Male and female), Age of patient, disorders of patient, number of jarawas visited before opening of ATR and after opening of ATR

The Committee has also requested to arrange a meeting with the interpreters to elucidate more information on Jarawas since their interaction with jarawas is considered vital. Date of their meeting will be intimated later.

You are requested to submit the information to the Committee before 3.11.06 while they are in Port Blair.

Yours faithfully
