Dear

Shumsher -

In continuation to my letter of 2nd March 2007 on the issue of genetic research of Jarawas and Onges to be conducted by the Centre for Cellular and Molecular Biology, I am writing now to permit the Centre for Cellular Molecular Biology, Hyderabad to shoot a film to record the life styles of various tribes from Andaman and Nicobar Islands who are on the verge of disappearance. ICMR has already conveyed its no objection.

I shall be grateful if you could kindly accord necessary permission to CCMB, Hyderabad at the earliest. CCMB may be directed to shoot the film when they are on the island for the genetic research.

With regards,

Yours sincerely,

(Jairam Ramesh)
