Survival accepts no national government funds and depends on Individual Jarawa. Every letter makes a difference. willing to the addresses below you really can help the Senlineisse and the can help to save vulnerable peoples from destruction. By spending a few minutes can help. Many times since 1969, Survival has shown how locuted public support Survival's action bulletins are issued when a tribe is under threat—and when you

of charge by post or small. Just lick the box on the form. supporters to land its work. You can, however, receive these bytelins free and Spanish - please write for details or extra copies. This action builetin is also available in Franch, Italian, Germat, Portuguese

II is best to send your letter by post as there is no doubt this makes the biggest that numbers are often changed, or machines unplugged. Email addresses are Impact. Alternatively, you can use the fex numbers provided, but please be aware Please write a brief and polite letter (in English, or your own language). free to use the following letter as a guide or write one of your own. given only where there is a realistic chance emails will be read. Please feet

the Jarawa are likely to lose their independence and may be wiped out completely. The the Jarawa to hunt for them in return for alcohol, tobacco and food if this conlinues. settlers are entering the Jaravia reserve from the creast and the road, and persuading that the spirit of the Andamans administration's Jarawa policy is upiteld. Trunk Road is slosed in accordance with the orders of the Indian switeme court, and from the land of all the tribes of the islands. I also urge you to ensue that the Andaman i strongly urge you to ensure that the law is enforced and that outsilars are kepi away further deaths, and could expose the tribe to diseases to which they have no immunity. Sentineless have demonstrated their wish to be left alone; failure to respect this risks I am extremely concerned about the tuture of the Sentinelese and Jawaa tribes, Local
