Sub :- Illegal building of Dug out dinghi & illegal entry of people in Parwa Reserve forest reg :-

...

It is to submit that few unknown elements are involved in building of dug-out dinghi in Mohwa Tikri near Flat Island. These people are doing such illegal activities by feeding Jarwas and using them for their safety. Now our Staffs and Staffs of AAJVNS have done patrolling on 7/3/06 and found a semi-finished dug-out dinghi in Mohwa Tikri. Our staffs are risking their lives as we do not have any arms in our Range.

Further it is requested that arms and ammunition may be provided to us as Jarawas are often denying us entry into the forest and thereby helping the smugglers. This is for your kind information and necessary action.
