I am sending herewith a copy of the letter received from the Member of Parliament regarding supply of Tribal Sub-Plan Books for the year 1999-2000, 2000-2001 and 2001-2002 to the MP and 40 other District Planning Committee Members. There is every likelihood of District Planning Committee meeting convened in the second week of this month. In such event, the members should have atleast 10 days time to go through <sup>the</sup> ~~our~~ documents. State plan documents have already been circulated to them well in advance. You may also put some extra effort to send the Tribal Sub-Plan by a day or two to the MP and the Chief Executive Officer to avoid complaints of late receipt of plan documents.
