Dated 21st Sept. 1992.

Preamble: The State Government has been implementing the Tribal Sub-Plan as a part of its obligation to implement the directive principles of State Policy enshrined in the Constitution of India. The present Tribal Sub-Plan strategy was started early in the year 1975-76 with the beginning of the Fifth Five Year Plan. The Tribal Sub-Plan is mainly an area development plan. Scheduled areas of heavy tribal concentration were formed into special development blocks (I.T.D.Ps.). Tribal Sub-Plan were formulated for these areas every year with a view to have full control and separate accounting of the investments made by all departments mainly on the infrastructure development programme. Later on from the year 1986 the plan objectives were shifted to the family welfare programmes under which the expenditure incurred on the individual beneficiary schemes implemented for the Tribals Outside the Scheduled Areas was also included in the Tribal Sub-Plan. Thus the expenditure incurred on the development schemes implemented for the tribals in the Scheduled Areas as also Outside the Scheduled Areas formed part of the Tribal Sub-Plan.

2. The objectives of Tribal Sub-Plan are:-

- i) To narrow the gap between the level of development of Sub-Plan Areas and other Areas of the State.
