A post of Accountant is also considered necessary for distribution of funds to various departments under Tribal Sub-Plan. The financial assistance for vocational / job training in the institutions in the mainland, financial assistance to serious tribal patients for treatment in the mainland, are proposed to be continued during the 10th Five Year Plan.

The Tribal Welfare Department is also required to meet the expenditure towards electric charges and maintenance of streetlights in the tribal area is proposed during the 10th Five Year Plan to meet the expenditure towards streetlight as there are no Panchayati Raj Institutions in the tribal area unlike the non-tribal area.

An ITDP at Car Nicobar with a Project Officer is functioning to co-ordinate implementation of Tribal Sub-Plan and monitoring of progress of implementation at the ITDP level. Necessary provision is proposed to be grant towards pay & allowances of the staff of ITDP, Car Nicobar during the 10th Five Year Plan.

The existing jeep stationed at IDTP, Car Nicobar has been condemned, so a new jeep has been procured and will be maintained. Further a Mahindra & Mahindra Jeep of the Tribal Welfare Department which was procured in 1989 has been condemned so a new jeep is proposed to be procured in replacement of old one. We have to maintain link with as many as 18 departments of this administration for implementation of Tribal Sub-Plan, for which we are often required to send communications. To avoid delay in sending communications to the various departments of the administration, we propose to procure a motor cycle during 10th Five Year Plan. We are to formulate plan proposals etc. at very short notice and we are required to make many copies of the
