

RESOLUTION

19

We, the members of Tribal Council, Car Nicobar
resolve as under:-

- (1) We have been allotted a patch of land at South Point, Port Blair by the Administration where we have constructed a Guest House for the benefit of our community.
- (2) Now the Administration under the Tribal Sub-Plan during 1992-93 to 1996-97 proposes to construct a pucca Guest House for the benefit of the Nicobarese community. We therefore, request the Administration to raise a pucca Guest House on the land which is available with us at South Point, Port Blair.
- (3) Further, we request the Administration to make over the completed building for our use and maintenance.
- (4) The Guest House shall be used by our Nicobarese community only.

On behalf of Tribal Council,
Car Nicobar,
